A discussion asked who public spaces are designed for

Took part **10**
Where **aikyam space, Fort Kochi**

Facilitators **1**
Run by **aikyam space**

Pragya Sikka of Friends of Toto led a discussion on December 20 with changemakers, queer persons and allies. We began with an empathy walk and asked what a public space meant to them. The group drew parks, libraries, street lights, signboards and clean toilets, and talked about naming pronouns at work.
