Input

What went in
Fabric pieces, stiff paper, stitching tools.

Confidence and ownership

Activity

We ironed the fabric directly onto stiff paper. This gave us a stable base for cutting exact squares. We also tried joining each Kantha piece.

We completed 70% of the work.

Learnings

Working without pre-stitching took intense focus. Small movements risked disturbing the whole alignment. It was hard to keep our balance.

This showed that continuous refinement of our technique is essential for mastering precise craft assembly.
