

SATURDAY 13 JUNE 2026

The second production order got under way

Took part **5**
Where aikyam space, Fort Kochi
Run by Mary Gracy

Facilitators **1**
Club Stitching Club

The stitching team started work on their second production order. Compared to the first batch, participants were more confident with the process and began to take greater ownership of quality checks and production planning. The experience helped the group understand both the opportunities and challenges involved in creating products for real-world use.
