

MONDAY 11 MAY 2026

The summer camp opened with yoga and vegetable painting

Took part **15**
Where aikyam space, Fort Kochi

Facilitators **1**
Run by Thudippu Dance Foundation

The summer camp started with an ice-breaking session. We then did animal flow movements, games and group activities so the children felt comfortable with each other. The day continued with yoga and finished with a vegetable painting session on cloth, where the children explored creativity through colours and patterns.
